A screenshot of a GitHub repository page. At the top, the user profile for 'Aryan Gupta' is shown, including a profile picture, name, and bio: 'Former Chairperson @IEEE SB, JIIT • MERN Stack Web Develop...'. Below the bio, it says '1w • Edited •'. To the right of the profile is a '+ Follow' button and a three-dot menu. The repository name is 'Master Git for Your Next Interview!'. Below the repository name, there is a text snippet: 'As I advance my Git skills, I came across this wonderful Git Interview ...more'. In the center of the page, there is a large, faint, circular loading spinner icon. At the bottom of the page, there is a row of social sharing icons (Twitter, Facebook, etc.) and a comment count '2 comments • 1 repost'. Below this, there are three buttons: 'Like', 'Comment', and 'Repost', followed by a 'Send' button with a paper plane icon.

A screenshot of a LinkedIn post. At the top, the profile of Saksham Kumar is shown, with his name, a 3rd+ connection indicator, and his title 'Senior Associate at Synechron'. Below the profile is the hashtag #SoftwareTesting. The main text of the post reads 'Accenture QA Automation interview real time questions. ...more'. The post content area is mostly blank, with a large circular loading spinner in the center. At the bottom of the post, there are icons for reactions (thumbs up, heart, comment, share) and a count of 176. To the right of the reactions, it says '10 comments · 27 reposts'. At the very bottom, there are buttons for 'Like', 'Comment', 'Repost', and 'Send'. The bottom of the image shows the start of another post with the text 'Are these results helpful?' and two profile icons.
